**Leo is working on building some spaceship models. How long this takes until he's finished depends on how much time he can fit in between studying for his ridiculous course load!**

**We may be casting these, as they'd be great proxies for a tabletop game. Here's a pic of one in progress:**

**Whether or not we cast these is up to you guys, so send some feedback if you'd be interested in one of these models!**

**Keep checking the site for updates! With all the new releases, the site will constantly be changing!**

**Always check for OOP and used minis, and if you have any you want to sell, contact us! We buy collections!**

**Examples of paintjobs will be up once we get some decent camera equipment!**

**That's it for now. Hopefully this isn't too much like a used car ad 😊**

**Thanks a lot for your support and give us some feedback! Remember to sign our guestbook!!**
